## An Anxious Moment And Sally Becomes Homecoming Queen

4

5

6

9

After a quick and exciting week the night finally came. Terri Boozel, Stephanie Burns, Sally Delgado, Sandy Gardner, and Jeannette Martinez circled the track on top the roofs of shining 1975 Fords.

The first half found Norwalk in hope of a homecoming victory. With halftime came the real moment. First Terri, already crying, with escort Richard Suchand; then Stephanie and her smiling escort, Dan Diplock; followed by Sally and Gary Boone; Sandy and Wayne Schleiger; and Jeannette and David Baca.

The band and drill team having finished their portion of the program waited on the field, with the audience in the stands, for

Karen Ayers, senior class president, to announce the name and Jessica Botello, ASB president to present the roses.

The girls lined up anxiously, the photographers ready and the name, "Sally Delgado!"

Last year's queen, Margaret Chavarria handed her crown. The other princesses rushed to hug Sally and the tears let loose. After an eternity of pictures, Sally hugged and hugged again was set upon the hood of a car and paraded around the track once more as her name lit up in lights and the fireworks boomed in the sky.

Those who had worked hard, the Homecoming Committee which included, Karen

Ayers, Brenda Lee, Eddie Johnson, Michelle Norton, Ron Scott, Jodee Woodfin and Mr. Lloyd Midyett finally relaxed as the night was over for them and left to the court and their escorts.

# Norwalk's Minds Find Controller

Hypnotist George Sharp presented his popular assembly two times this year. September 18 during lunch and September 25 at night. Approximately 500 people went to the day program and 200 at night.

Some of the students who participated were Jessica Botello, Jody Elliott, Karen Gerard, Karla Anderson, Ron Eaton, Gary Ludlam, Eddie Johnson, Laura Verdi, Gary Snider, Greg Flores, Lori Ranallette, Ronda Rountree, Rhonda Brown, Robert Pomerleau and Ms. Maggie Regalado.

Students characterized different well-known people. Rhonda Brown was Raquel Welch, Ron Eaton was Elton John, Jessica Botello was Carly Simon, Greg Flores was Evel Knievel, and Gary Snider was Donny Osmond.

Students acted like babies and went out into the crowd and claimed people as their parents. They also danced with people from the crowd and sang the Oscar Meyer Weiner song. They then acted as if they were in a race car. Sharp had them act as if they were on a motorcycle and someone was tickling them from behind.

For a finale, Sharp stood on a girl's stomach as she lay hypnotized across two chairs.

1. Hypnotized, Greg Flores, Karla Anderson, Jessica Botello, Gino Garcia and Darla Stineett laugh at the funniest thing they can think of

2. Jessica Botello and Raul Recendez dance away the good times

3. At the call of a number George Sharp has Mr. Brunner's daughter Nancy act like Zorro.

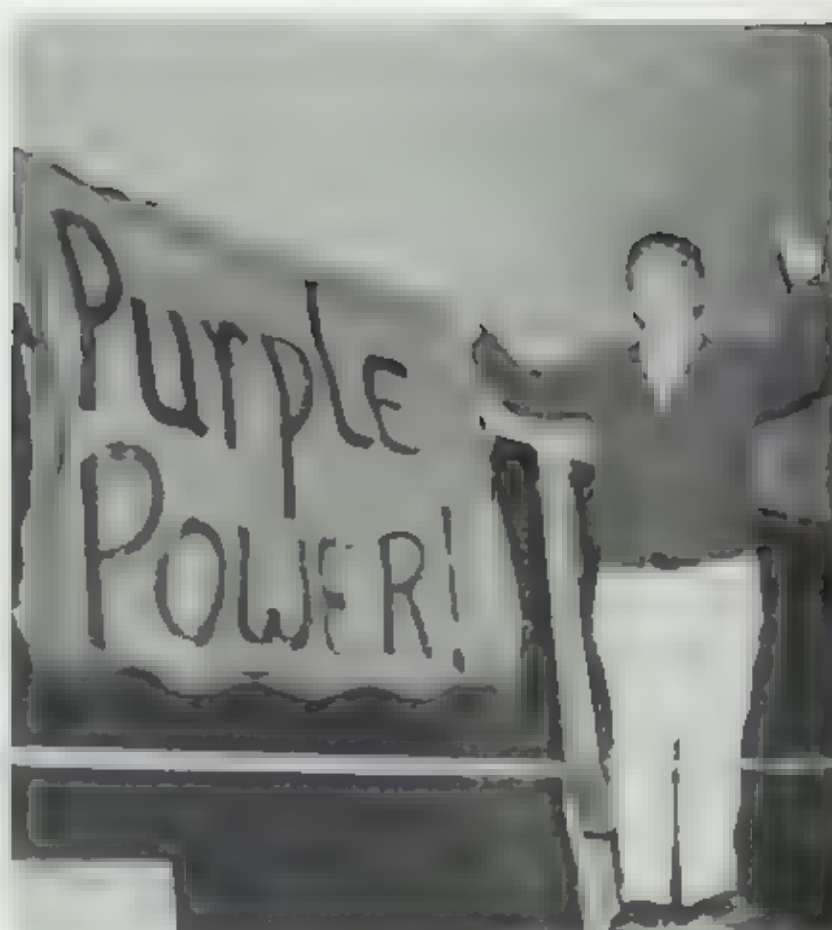

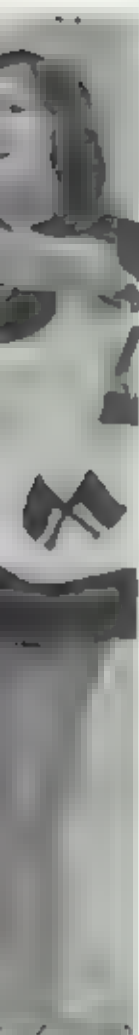

4. Ed Johnson plays in his imaginary sand box

5. Jessica Botello and Karla Anderson cruise the gym

## A Very Spirited Year of Pep Assemblies

3

6

Pep Rallies were much more spirited than in recent years. This was mainly because of the new look rallies. Some of the new additions were the J.V. Pep Squad, a song sang by Margie Walker, Jessica Botello reflecting on the past football season, and plaques made by the cheerleaders for all senior football players, which was a very emotional award.

These new things, along with some old made 1974-75 Pep Assemblies very exciting and enjoyable. Some of the old, but still popular part of the rallies were skits, class competition, a football player nightwear fashion show, the Alma Mater, and of course the usual pep talk from, "BIG DAD," Randy Scott. Pep rallies alternated between the gymnasium and Senior Square. Most of them were held in the gym, because it made for a better rally.

1. Varsity Flogs do an opening cheer
2. Mr. Brunner talks to a big crowd as he tells about the important match against Paramount
3. Randy Scott gives, "Number One," sign at Pep Assembly

The Voice staff started out with a new office and a new advisor, Ms. Sharon Holt. The Voice, the official Norwalk High School paper came out once a month. The cost per issue was \$200, which was paid by the school district and student body. The editor for the first semester was Wayne Schleiger and the second semester editor was David Fine. Each staff member was responsible for a certain subject either a school or a world event. The staff wrote stories that had to fit in a limited amount of space, and they also learned the difference between feature and news stories. They made up headlines that related to the story. Page editors had to get stories and assigned them to reporters and also told them how long they had to be. They made sure that all stories and headlines were in on time.

Many hours of practice went into their rou-

# German Club Has Exciting Year

German Club started the year off right as they elected Jeff Duke president. Mrs. Anka Montgomery was the advisor.

The first thing the club did this year was have a International Dinner. After the dinner Christmas came along and they had their traditional Nicholas party and caroling at local convalescent homes. Last February they joined with the Mountaineering Club at camp Sturtevant. The German Club was pleased with their activities this year.

## Chess Club Revived Again By Spirited Lancer Students

Meeting everyday at lunch in the arts/crafts room, the members of the Chess Club tried to improve their skills at the game of chess. The Chess Club advisor is again Mr. Larry Dubia. Twice a semester the club had a chess tournament to determine the best chess player. In two tournaments this year Mike White and Don Quiroz won first place trophies. For the first time girls were included in the chess club

The Great Wilderness invited the Mountaineering Club. In November they hiked from the edge of Altadena, up the canyon of the Arroyo Seco to Oakwilde Campground. As they hiked they walked over the pieces of the road that was washed out in 1938. After lunch they returned the same way. The trip was classed as a moderate hike covering a total of 9 miles.

Scott Lovell, John Cunningham, Mr. Porter, Jim Knapp, Andy Craig and Rosemary Tingey stop and relax at Oakwilde Campground.

Jim Knapp, Ms. Doe, Karen Taylor, John Cunningham and Randy Johnson follow an old road.

Loading up the car after an eventful day.

Rest beside the trail is always welcome.

In February the German Club accompanied them to Camp Sturtevant. It was an enjoyable hike with a variety of sights along the way. Mr. Dave Taylor and Ms. Gail Doe were the advisors.

# Cabinet Brought Many New Improvements Under Botello and Moffitt

Associated Student Body (ASB) Cabinet was advised by Mr. John Hergesheimer. Presidents of ASB were Jessica Botello and Carl Moffitt. Through the combined efforts of these three people the Lancers received the benefits of being able to listen to music because of three new speakers purchased by ASB. Other achievements of ASB Cabinet the past year listed the revision of an October tardy policy, and keeping Lancer lunch left at thirty-five minutes in length.

## Football

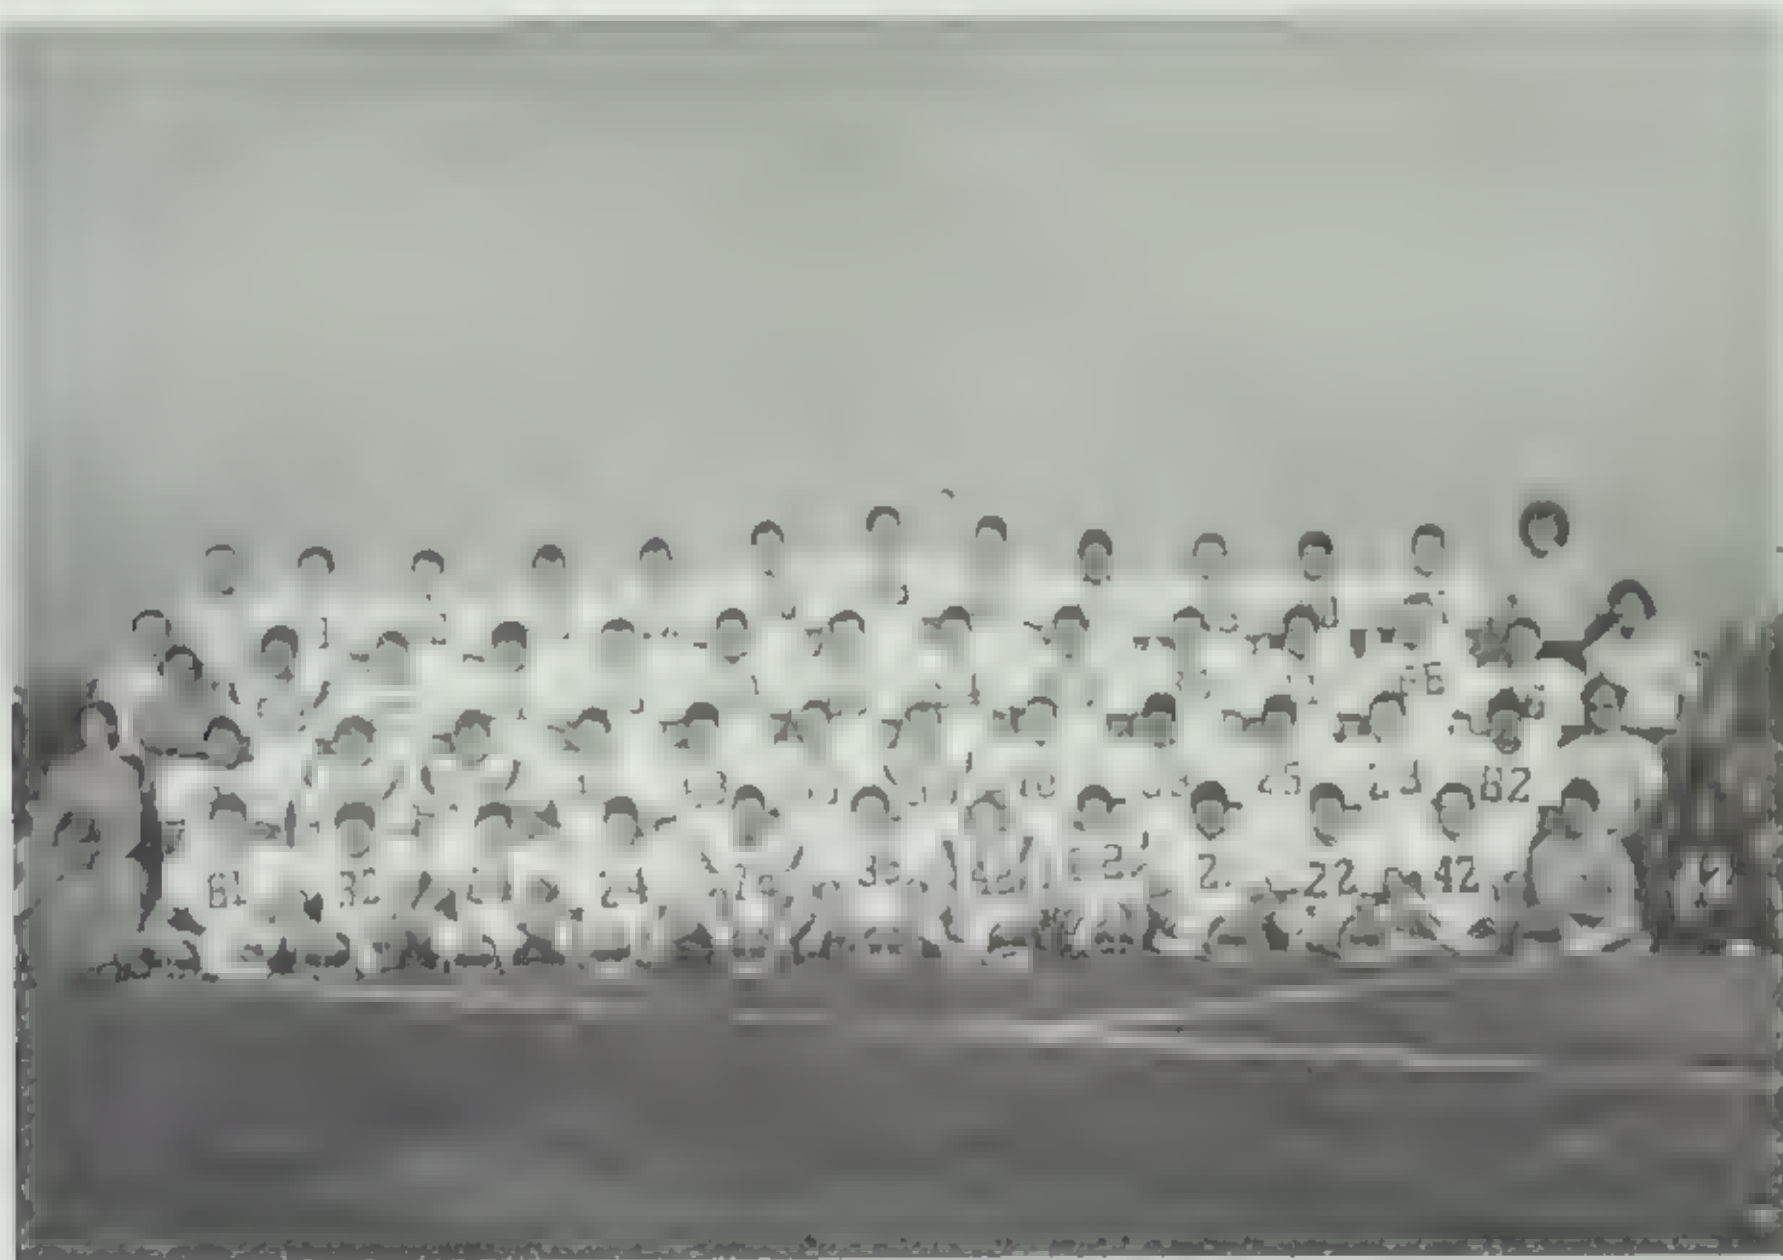

# Juniors Learn Lesson Along With Seniors

To size up the year, the Lancers didn't have the football season they expected. This year's Varsity team had some of the best all-around talent in the league. But that seemed to be the problem, they played as individuals and not as a team. Before the season started they didn't think they had to work to win, they soon found that was not true. Everyone including the team expected them to win and when they didn't pressure built up. The pressure increased as the losses grew. Then the last game of the season came against the Paramount Pirates and the Lancers had nothing to lose. So when they took the field they looked like a team and they played like a team and just tore Paramount up. Thus showing what they could do.

Winning both pre-season games against John Glenn and Artesia 20-10 and 14-7, many people gave Norwalk a chance at C.I.F. playoffs. October 1, the Lancers opened league play against Bellflower. Bellflower taking advantage of Norwalk's mistakes beat out the Lancers 20-10.

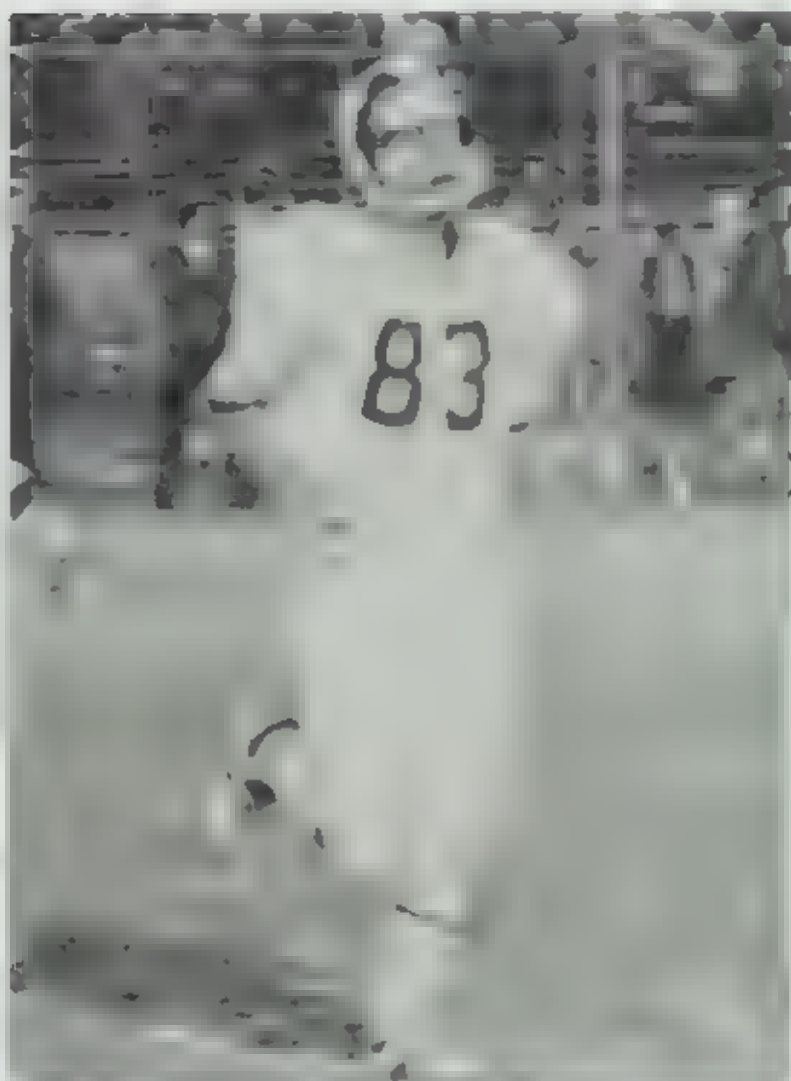

A week later Norwalk took on Downey. Norwalk's hopes faded for a chance at a title as Downey's receivers ran Norwalk down as they lost 19-7.

Hoping for upsets Norwalk moved to Lynwood. Lynwood was just too fast for Norwalk as they won 18-0.

the loss to Warren 28-8 making Norwalk's record now 0-4.

A 21-0 score was the fifth loss for Norwalk when La Mirada's passing spoiled any upset plans.

Already having beaten John Glenn in pre-season action November 8 was the setting for an important game. The Lancers, were hoping to knock off rival Excelsior for the "City of Norwalk Championship Trophy." Excelsior's big plays beat Norwalk 28-8. The last game was against Paramount where Norwalk ran over the Pirates for the victory, beating them with the score of 31-8.

## Volleyball

### Varsity Volleyball Goes on to C.I.F. Playoffs After S.G.V.L. Second

Varsity Volleyball ended a well played season by taking second place in the San Gabriel Valley League and gaining a C.I.F. berth. Coached by Miss Nancy Welborn, the girls had the initiative to gain eleven wins over three losses. In C.I.F. playoffs the team competed against Immaculate Heart High School. Immaculate Heart was victorious in a 15-7 first game but the Lancers roared back in the second and won it with a 15-2 score. The girls lost the third game by a two point margin, with the score standing at 15-13.

Some setbacks were recorded during the season. The first game, against Downey, was to be played in eight-minute segments. Eight minutes where the clock ran continuously, the clock didn't stop when the ball was hit out of bounds. This fact was a drawback to the Lancer squad, for they were not used to playing in this manner.

Other games of the season included the one played against Lynwood. Lynwood lost to the Lancers in both games, 15-3 and 15-6. Varsity lost to their old rival of last year, Bellflower, 15-7 and 15-9. They defeated La Mirada by scores of 19-17 and 15-5 and shut out Warren, 15-9 in both games. Against Excelsior, the Pilots won the first game 15-11. But, Varsity came back winning the second and third games, 15-8 and 15-12. Lancer Varsity also won the two games played against Paramount.

# Junior Varsity Shows Lancer Spirit During Disappointing Season

Junior Varsity Volleyball team was comprised of seventeen hardworking girls. The team worked at doing their best in the games. Their best potential stood out in three victorious games, but striking blows of loss met the J.V. team throughout eleven games.

The Junior Varsity team was coached by Miss Shari Harvey. Miss Harvey is an undergraduate attending Whittier College, where she plays volleyball, basketball and also swims.

Games of the Lancer J.V. team tallied rivals such as Paramount, Bellflower, and other schools in the S.G.V.L. Against Paramount, the Lancers lost the first game 15-1, won the second 15-12, but, lost the third 15-4. Bellflower won both games, 15-5 and 15-6. The outcome of the battle against Downey also proved disappointing, for Downey became victorious 15-7 in the first game and won the second 15-8. The same thing happened against Warren, except with scores of 15-2 and 15-11. Playing opposite Excelsior, the Pilots won the first game 15-6, the Lancers won the second 16-14, but lost the third 15-1. The Lancer team proved too powerful for La Mirada by taking both games, 15-12 and 15-13. But Lynwood gained the upper hand by winning both games, 15-6 and 15-8. The girls then played every team once again and was beaten by each team except La Mirada.

## Tennis Does Fair in Tough League Play

The Tennis teams had good records this year, considering the tough competition. Varsity won 4 matches while losing 8. The Junior Varsity won 2 and lost 10.

The Varsity coach was Ms. Jewell Davidson, and the J.V. coach was Ms. Melinda Celeste.

Varsity beat Downey and Excelsior twice, while losing to La Mirada, Lynwood, Paramount, Warren, and league champs Bellflower twice. The J.V. team this year were mostly freshman, and beginners.

## A Year of Disappointment for Lancer Basketball

The Varsity Basketball Team didn't have the season that they had expected. They ended the year with a disappointing 4-10 record in league. There was a lot of equal talent, and that seemed to be their problem. They never really had a set starting five. Coach Robert Douglas was constantly changing his line-up in search of a winning combination. They were usually in most games, until the fourth quarter and that's when the teams seemed to pull away. Their four victories were against Bellflower, two from Excelsior, which had its last season in S.G.V.L. Their biggest win of the season was a 52-51 victory over Downey, which finished second in league with a 10-4 record and went to C.I.F. This upsetting victory was led by all the Lancers, but a strong performance by Richard Ahlano, who scored a season high 27 points. Along with Richard Ahlano other strong performers during the season were David Fine, Mike Walker, John Newbold, and Jeff Fought. This year's team consisted of an all senior squad except for the addition of Jeff Fought, who was elevated to the varsity team shortly after league started. The Lancers also took two consolation trophies in the Norwalk and Gahr Tournament in Pre-Season play.

1. Norwalk calls a timeout to get instructions from Coach Robert Douglas at Bellflower game

2. Varsity Basketball: left to right: Coach Robert Douglas, Mike Walker, Carl Adams, Scott Meadows, Wayne Schleiger, Richard Ahlano, John Newbold, David Fine, Steve Twit, Jeff Fought, Tom Saunders, Dave Perkins, and manager Randy Scott

Junior Varsity Basketball had a difficult season ending with a 2-12 record. The lack of height was the main reason for their losses. They lost the services of high scoring forward Jeff Fought, who was promoted to the Varsity team. Two players on the J.V.'s who did show some promise and would help the Varsity squad next year were Jim Gardner and John Dominguez. Junior Varsity Most Valuable Player went to John Dominguez. # Twins Carry Load For Freshman

The freshmen had a so-so 7 and 7 league record. Much of their success was contributed to the Davis twins Mike and Phil. They also had strong performances from Cary McDaniels, Anthony Valencia, Othe Munoz, and a late season addition Larry See. The M.V.P. of the Freshman team was Mike Davis. This year's team was coached by first year coach Gary Jolk.

## Wrestling

# Lancer Varsity Becomes Proud S.G.V.L. Champs

Varsity Wrestling the past year was coached by Mr. Larry Brunner. He coached the Lancer Matmen to an undefeated season. The wrestlers won seven out of seven matches. They beat Paramount, in the last match of the season, in a battle for the San Gabriel Valley League Championship. The score was close until Nate Allen pinned his opponent, which clinched the title for Lancer Varsity. Each and every man on the team gave all of his strength for the title, from the lightweights to the heavyweights.

1. Keith Carter attempts to reverse his man.
2. A referee holds up Nate Allen's hand as the victor.
3. Leverage is applied by Pablo Caicedo in trying to gain a pin.

# Junior Varsity Takes Third in S.G.V.L. Finals

Coached by Mr. Mike Howard, Junior Varsity wrestled to a good season. With five wins and two losses, J.V. took third place in San Gabriel Valley League, losing only to the first and second place schools. This year was Mr. Howard's first year as head coach for wrestling. Last year he was an assistant coach.

Another good thing which happened to Junior Varsity was the fact that George Orton, at 106 lbs., took first place at the San Gabriel Valley League Junior Varsity Finals. Soon afterward George gained enough points to join Varsity Wrestling.

- 1 As time grows short, Tom Magallanes shifts his weight on an opponent
- 2 Mike Johnson applies pressure while holding his man in a head lock
- 3 Muscles and emotions tense as Mike Shelly works for a pin
- 4 John Weldon uses the head lever series on an opponent

# Varsity Wrestlers Send Four Men On To League Finals

Lancers wrestlers, holding the title of S.G.V.L. Champs, proceeded with wrestling at Paramount High in the All-League Finals. In this, each man wrestled individually according to his weight. In a single elimination contest the man who, at the end of the day was undefeated, was named All-League. Four men of the Lancer team accomplished this feat. David Suarez at 97 lbs, Raymond Hernandez wrestling at 106 lbs., Bill Hurlbut at 157 lbs., and Nate Allen, who wrestled at 168 lbs., David and Bill also were undefeated throughout their entire wrestling season this year. Other wrestlers who weren't fortunate enough to make All-League were Gary Boone at 148 lbs. Junior Caicedo at 115 lbs., Frank Rodriguez at 141 lbs., and Gayle Bell at 178 lbs.

- 1 Nate Allen struggles to take down an opponent
- 2 Bill Hurlbut applies pressure and leverage to pin his opponent

# Lancers Gained Personal Pride From Wrestling

Wrestlers the past season proved to hundreds of people that we were an athletic school, also a spirited school. Varsity and Junior Varsity both drew many people to their matches. They also went to league finals and came back with first place trophies and medals. For Varsity there was David Suarez, Ray Hernandez, Nate Allen and Willie Huribut. For J.V. only one person wrestling came home with a first in his weight of 106 lbs., that person was George Orton.

- 1 John Weldon takes the thought of winning in stride

# Rifle Team Brings Changes

There were two changes for the rifle team this year. They used the International Shooting Union type of shooting instead of the Conventional type of shooting. In the conventional type of shooting there were only 5 rings on the target and with the I.S.U. the target has 10 rings. Also there were three shooting positions instead of four, prone, standing and kneeling

1 Mike Moffitt practices prone position

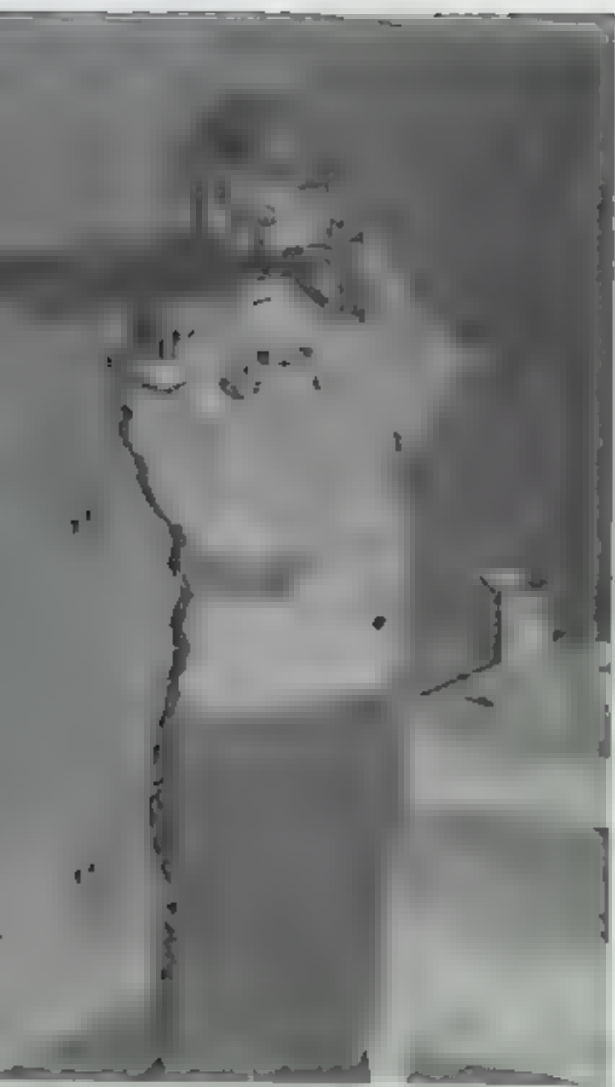

2 Glenn Burr practices standing position

3 Mr. Jerry Bernard watches the accuracy of his shooters

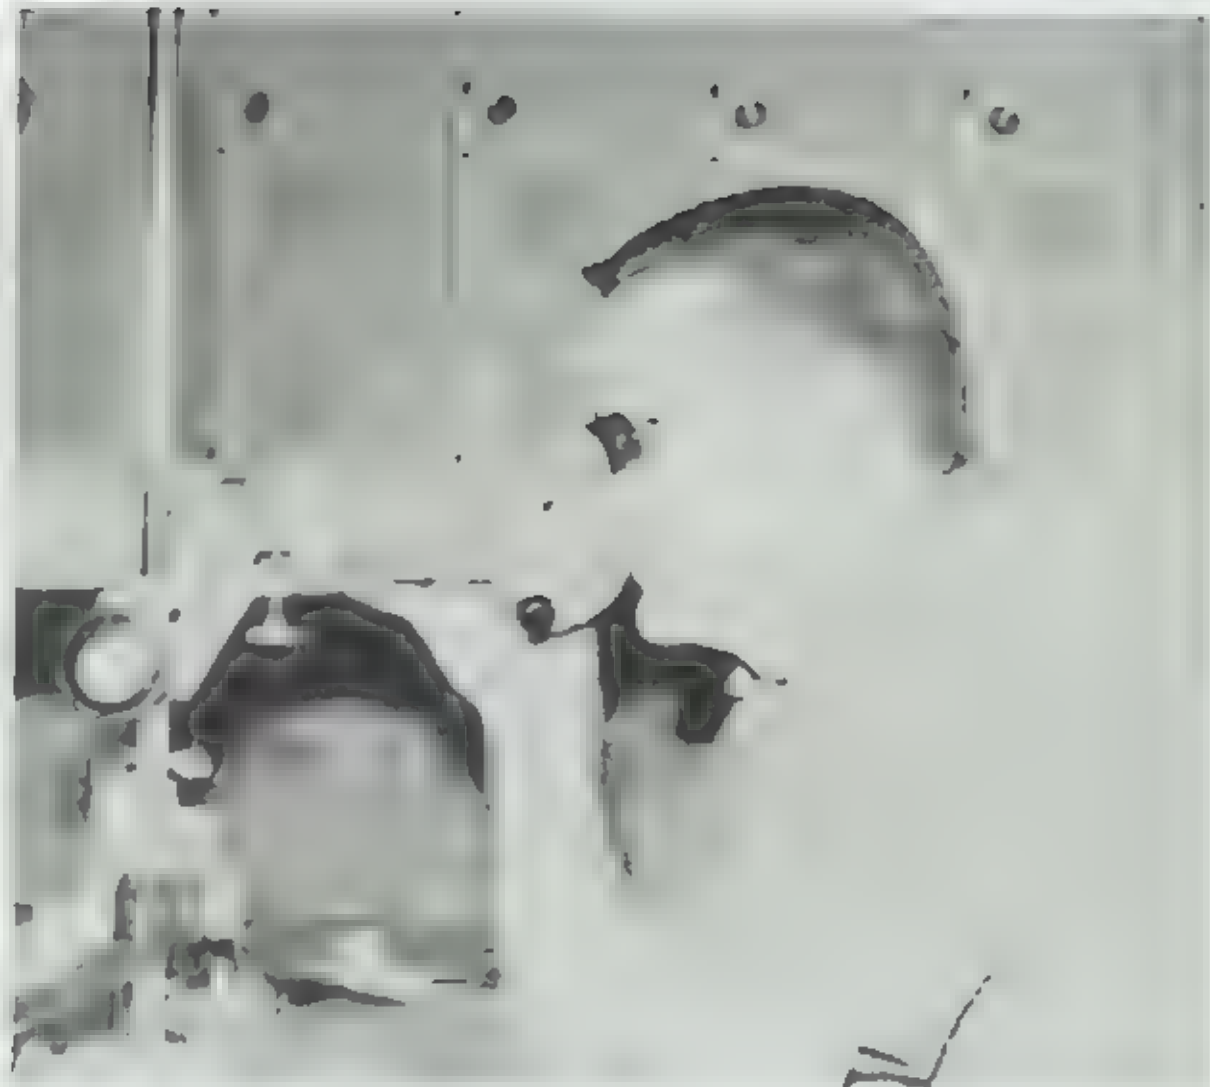

4 Randy Thomas practices kneeling position

Vocational Education's main purpose is to teach its students a trade they can use after graduation. It was one of the most popular classes on campus and was very well financed from the district. We had some of the best facilities and programs in the district.

Plastics II built seven kayaks and took sixteen people on a week long trip which everyone seemed to enjoy. In addition, they learned and worked on different projects which included stools, car fenders, and plastic figurines.

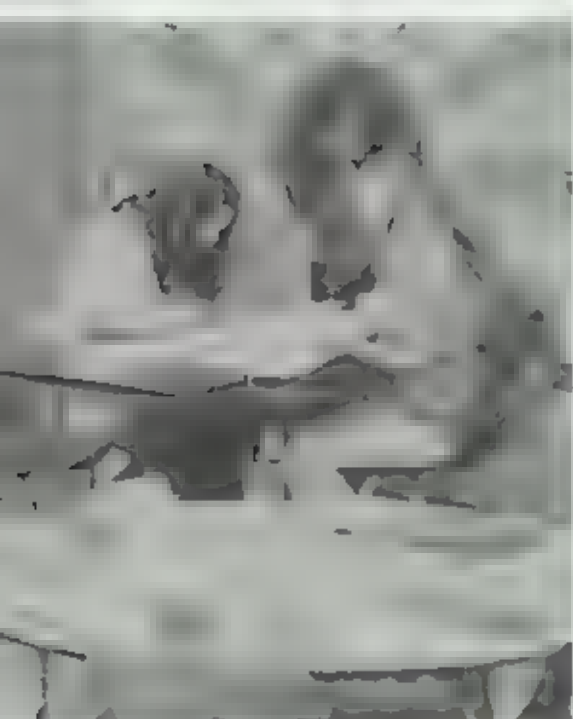

As with plastics, auto body also had some favorite projects. One of which was building a race car, under the direction of Mr. Mike Welch, to race on the Boonevill Salt Flats. In addition, they worked on machinery, body and fender repair, and other types of mechanical work.

This year Drafting received \$38,000 in new equipment and room repairs. The students and teachers of drafting worked on the design and location of the improvements. Students learned the fundamentals of drafting and engineering and then used blueprints and built objects

The Science Department also has classes featuring Man Made World, Life Science, Biology, Earth Science. Man Made World emphasized the future through science and is offered only at Norwalk High School in this area.

Biology centers around the inner world where our little friends the cells live

Life Science concerns the living parts of the earth plants and microscopic organisms.

## Choral Music Dept. Adds Guitar Class To Spring Line-Up

Second semester found the choral program adding a guitar class as an alternative for the student interested in music. In the class the students learned to play chords and how to read music. The class spent time listening to different types of guitar music.

The choir was very busy this year performing at many different places. They sang Christmas carols at Rio Hondo hospital. They also sang at Tutor Inn for the Kiwanis Club, Corvallis and Los Alisos. Girls Lyric and Choir performed at the Christmas concert. The choir sang songs from different countries throughout the world as well as the traditional carols.

## Math Adds New Calculators and Analysis Class

1. Heather La Rose listens to instructions while Pat Melendez thumbs through her Math papers.
2. Mary Cody and Glenn Burr look away from their work in order to listen to instructions from a fellow student.
3. Mr. Bill Brennan grins at a mistake made by Kathy McLeod.

The Mathematics program was designed to supply a person with enough knowledge to urge him to pursue the math field further. Department head Mr. William Brennan worked full time along with Miss Rowena Smith and Mr. Dean Goodman in striving to achieve this goal. Working part time in the Math Department this year were Mr. A. McClintic and Mr. Dave Johnson.

New additions to the math program this year lists one of Miss Smith's General Math classes. The students in the class had no electronic calculators at their disposal. Another addition included Math Analysis. This class was offered first semester to students who have already had Algebra 1, Geometry and Algebra 2. This class pursued portions of trigonometry and calculus. It was taught by Mr. Brennan.

The Foreign Language department is here to teach students to speak, read, and write another language. This takes time and hard work. That's precisely what Mrs. Carol Saunders' and Mr. Ernie Grijalva's Spanish classes, and Mrs. Anka Montgomery's German classes have done. But, a foreign language is not all work and no play. Both classes enjoy reading stories, reciting poetry, and even singing songs at times.

A tool which was used and liked by both language classes was the language lab. It helped students to listen to the language and from this they learn correct pronunciation, grammar, and sentence structure. Repairs were being made on the lab toward the end of November and trailing into December. Windows were built into the wall separating rooms 617 and 619 during that period.

## New Course in Home Economics Consumer Living

6

Consumer Living is a new course in the Home Economics Department and is to help students with shopping, pricing, banking, and credit. Three teachers worked as a team, Mrs. Porter, Mr. Larry Wong and Mr. Jim Hart. There are activities such as shopping trips to the mall and other field trips. Speakers discussed the buying of insurance, credit banking. Students did individual projects in the areas of Consumerism. Budget cuts and inflation eliminated most of the cooking in the foods classes. With a

budget of only a few cents per student, Co-ed Foods and Foods I and II become consumer education courses.

There are also other classes offered where students cook and have a chance to show their skills in front of the class. Students also learned sewing skills. Art and Drama  
Fun While  
Showing Talent

Drama was into many different things. They had tryouts for a children's show that they put on for elementary schools. They also went to Drama Festivals and participated in competitions. Ms. Maggie Regalado, the drama teacher, encouraged her students to be as active in Drama as they could, such as plays and musicals, the talent show and also plays and musicals away from school. There was more than just classroom activities for the Drama Students.

There were two main classes available in the drama dept. Beginning Drama and Advanced Drama. The students liked the classes and really enjoyed performing. Drama was an important program on campus, lacking only greater school support.

Art had another good year, with crowded classes, and the usual projects the student all liked. They did do some special projects such as sailboat, wind chimes, paper mache, and wood plaques. In the first semester there were five classes offered: Art I, Arts and Crafts, drawing, sculpture, and painting. But in the second semester their classes were cancelled and one was added. Art II was the new class offered; it took the place of drawing, sculpture, and painting. The reason for the change was the lack of teachers. There were three teachers to teach the art classes: the head of the department Mr. Larry Dubia, Mrs. Lily Tanabe and Mr. Bob Ward. Together those three made a fine art department.

# B.A.S.K. Begins Second Year in Business Educ.

B.A.S.K. stands for Business, Attitudes, Skills, Knowledge. The business program was to prepare students for full or part time jobs, and for personal use. This was accomplished through Typing I CC, Phased Typing, Office Occupation, Shorthand I and 2, Bookkeeping, Cooperative Office Education, and R.O.P. — Simulated Office

The business department was visited by over 175 teachers and administrators from many other high schools, as far away as Sacramento and San Diego to observe the program.

New equipment, furniture, and remodeling were provided by V.E.A. (Vocational Education Act) funds, during the last two years.

Typing I CC (Common Core) was one of the newer classes in the department. In addition to beginning typing, students received training in the following entry-level job competencies (skills and knowledges): Addition, machines, Data processing, Grooming, Job Application, Math Computations, and many others.

The business classes were all linked together with new doors and windows. And the doors now even have door knobs!

- 1 In Office Occupation, Leslie Dass adds her assignment with a 10-key adding machine
- 2 Linda Husman does her typing
- 3 Ron Scott working with his calculator
- 4 Shorthand requires lots of study, as Dawn Echelberger shows here
- 5 Sandra Spota and Ron Flores both work with their machines

## English Increase Their Program With the Addition of Publication

English had a variety of classes to choose from. A new course called publications was offered to sophomores and juniors. In this class they learned annual and newspaper production skills. The Publications Class put out a newspaper called the Parent Newsletter. They also learned to take and develop pictures.

The creative writing class was successful in putting out the Excalibur. This is a literary magazine for students to contribute short stories, poems, drawings, and jokes to be published.

Speech is one of the most helpful classes in teaching the student to express himself verbally. The speech squad brought home many trophies and awards from tournaments.

A student would receive English credit for being on the newspaper or annual staffs. The Voice staff used their creative imaginations in producing our newspapers. The annual staff worked very hard in putting together a bigger and better annual.

Other classes that were of help to the students were grammar, learning to enhance their knowledge in the development of vocabulary, spelling, and punctuation. In Mass media, students discussed and wrote about the content of radio and television programs, movies, popular songs, magazines and newspapers. Folktales, the gods and goddesses of Greek and Roman mythology were studied about in Mythology. In Popular Fiction students read books and other materials of their own choice. Vocabulary development helped the student identify and use common Greek and Roman root words, prefixes, suffixes, and words derived from them.

- 1 The creative writing class finds it is fun to work on the Excalibur
- 2 Cheryl Stearns, Jay Rust and Sydney Butler like working outside better
- 3 Terry King shows what he learned to the class
- 4 Andy Vargas demonstrates how to take movies in mass media

## Secretary/Security

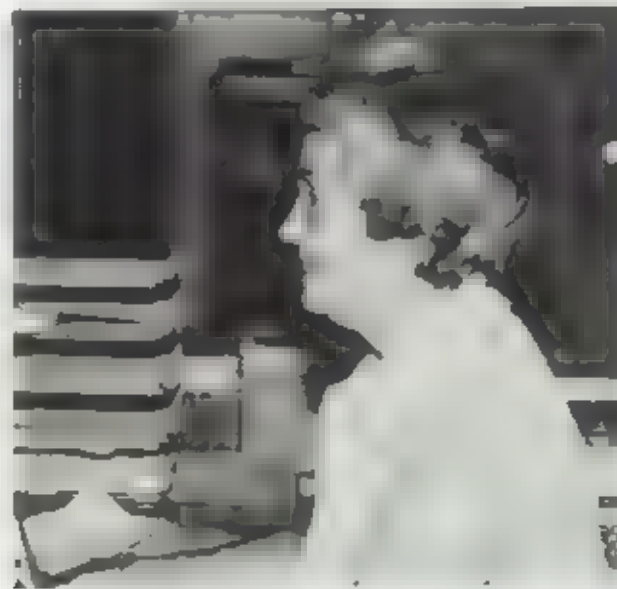

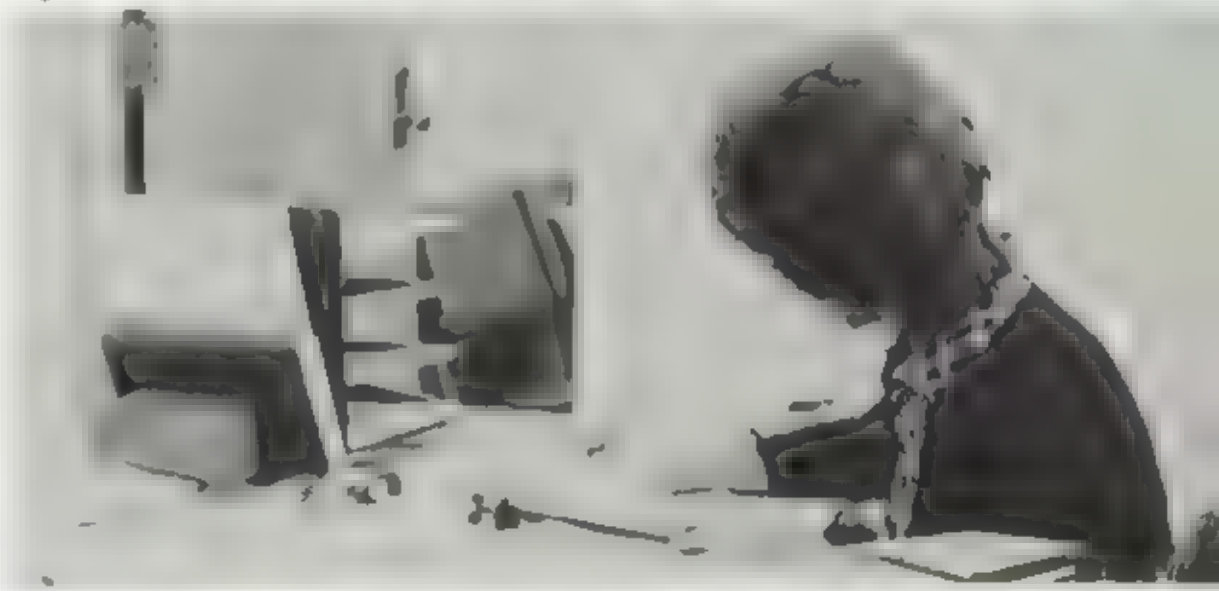

**"Many hands  
make light  
work."**

**William Patten**

Helping in the administration of the school is the very efficient Secretary and Clerical Staff. They do many things for the administrators such as, typing, filing, making appointments, and just things in general that will make Norwalk a more enjoyable place to attend. The Secretaries and Clerks do a remarkable job!

Due to quite a number of problems towards the end of last year our security staff was enlarged to three members, two men and one woman. Their job is to be sure students go to class and get there on time, try to stop conflicts between different groups on campus, and in general to try to insure student safety.

1. Mrs. Shirley Walker, Principal's Secretary
2. Mrs. Rebecca Wilson, Asst. Principal's Secretary
3. Mrs. Stella Yano, Asst. Principal's Secretary
4. Mrs. Viola Redmayne, Asst. Principal's Secretary
5. Mrs. Becky Wilson does her daily chores
6. Mrs. Betty Tuthill, Counseling Secretary
7. Mrs. Irene Gallstead, Counseling Secretary
8. Mrs. Rebecca Carrillo, Attendance Clerk
9. Mrs. Virginia Lunn, Attendance Clerk
10. Mrs. Jean Campbell, Library Clerk

## Economic Crisis Troubles Nation

A depressed, recessed and inflated economy was the most controversial subject this school year. All of America was touched by higher prices and higher unemployment.

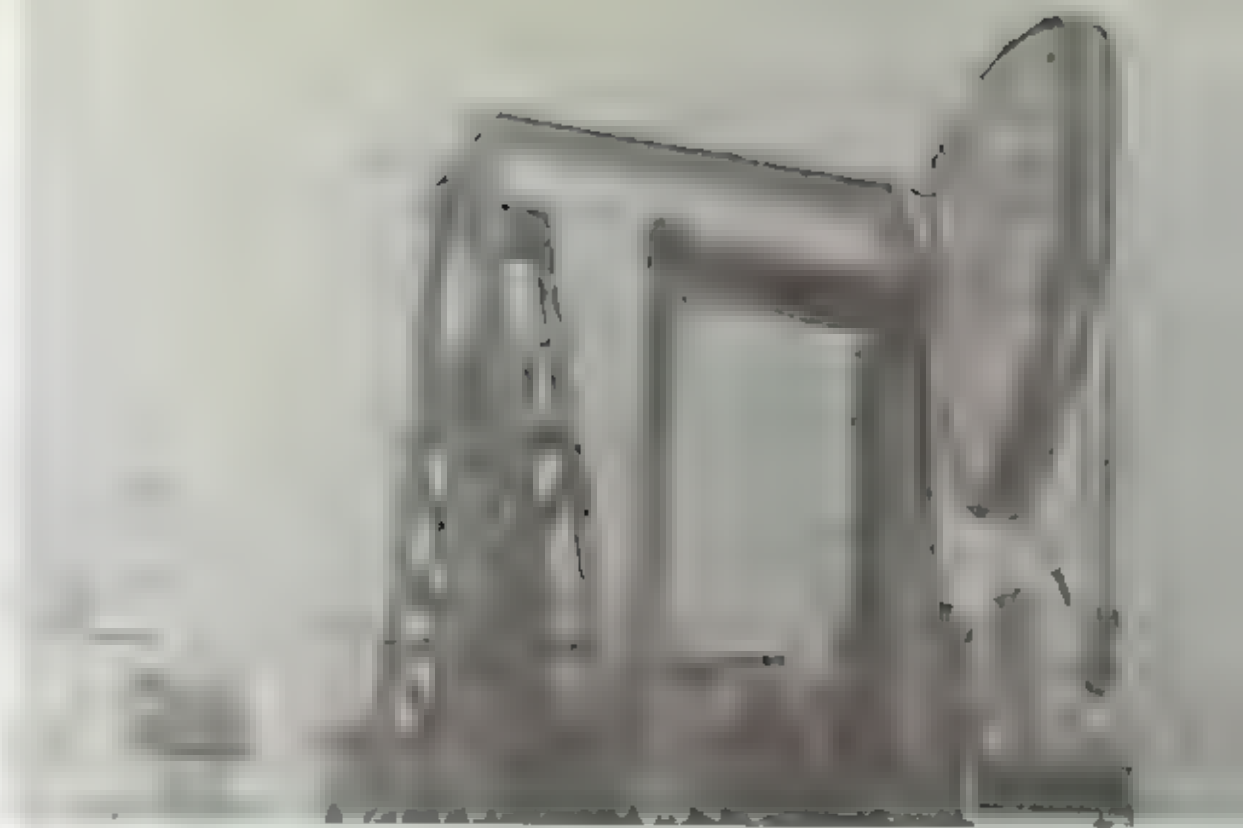

This situation was complicated by other matters. A sharp drop in the sale of automobiles combined with a call for mass rapid transit produced layoffs. Strikes stretched on as unions fought for sufficient cost of living increases. The stock market struggled through the year.

The Mid-Eastern crisis brought some stormy periods. The U.S. threatened military intervention as reports from the negotiating table produced little hope. The Arab nations hiked oil prices and President Gerald Ford's economic plans placed a tax per barrel on oil imported to this country.

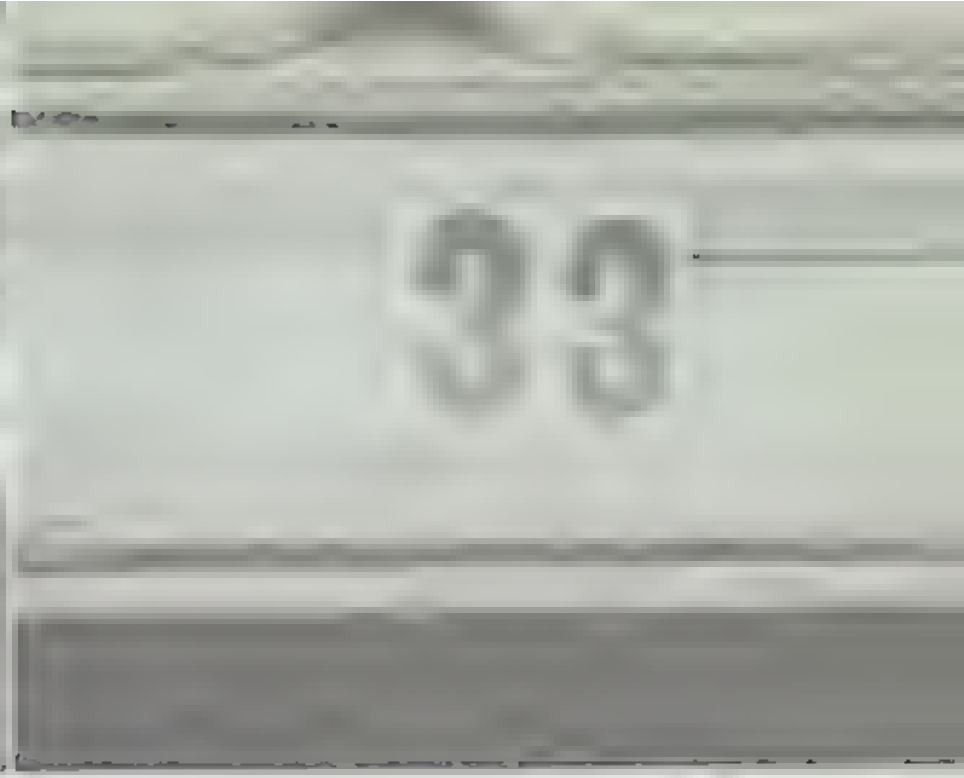

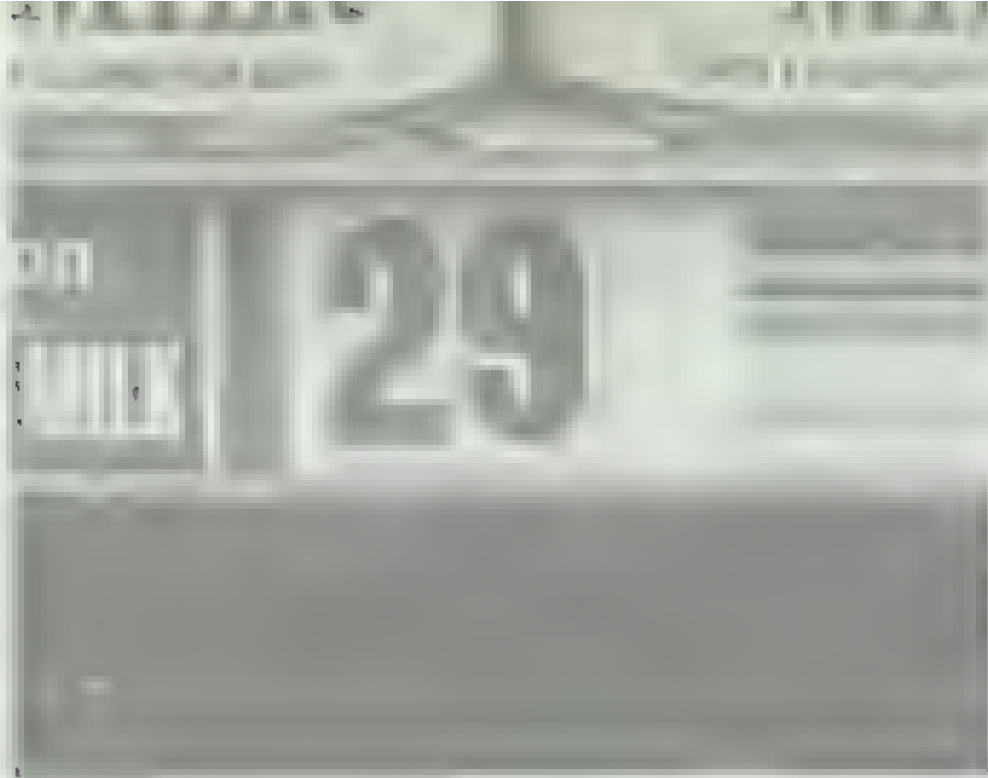

A new veto-proof Congress controlled by the Democrats opened session in January.

Richard Nixon became the first president ever to resign from office. The shadow of the Watergate scandal finally bringing down his administration. His replacement, Gerald Ford, chose Nelson Rockefeller as Vice President. After much debate the House and then the Senate finally approved the new arrangement.

- 1 The energy crisis was the cause of many problems.
- 2 It seemed that prices rose daily.
- 3 Former President Richard Nixon returns to California.
- 4 Former Vice President Spiro Agnew was replaced by Gerald Ford.
- 5 After President Gerald Ford entered office he chose Nelson Rockefeller as his Vice President.
- 6 Gerald Ford being sworn in as Vice President by Chief Justice Warren Burger as President Nixon looks on.

# Brown Elected in Close Race

Shortly after the school year began a race was decided between Houston Flournoy and Emund G. Brown Jr. making Brown the Governor of the State of California. An easy victory for Brown was predicted but later was questioned when opinion polls showed a rise in favor for Flournoy.

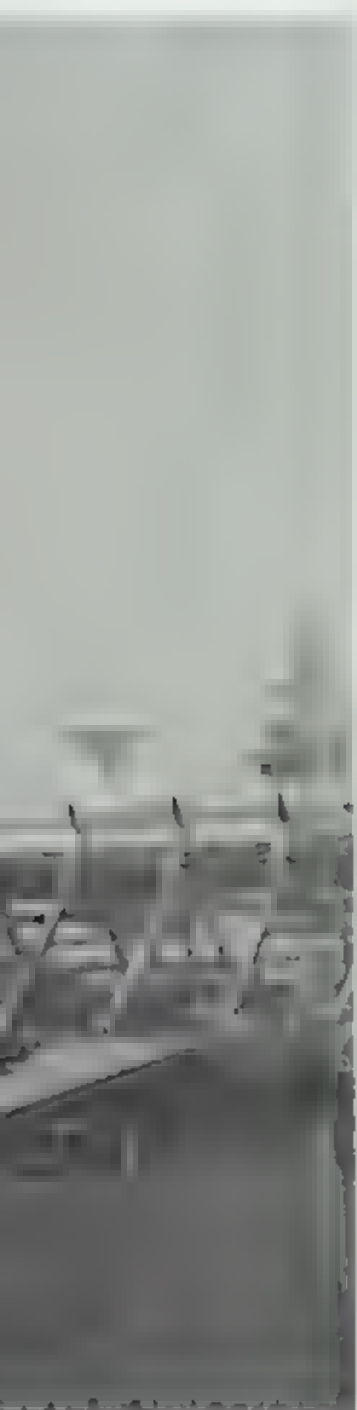

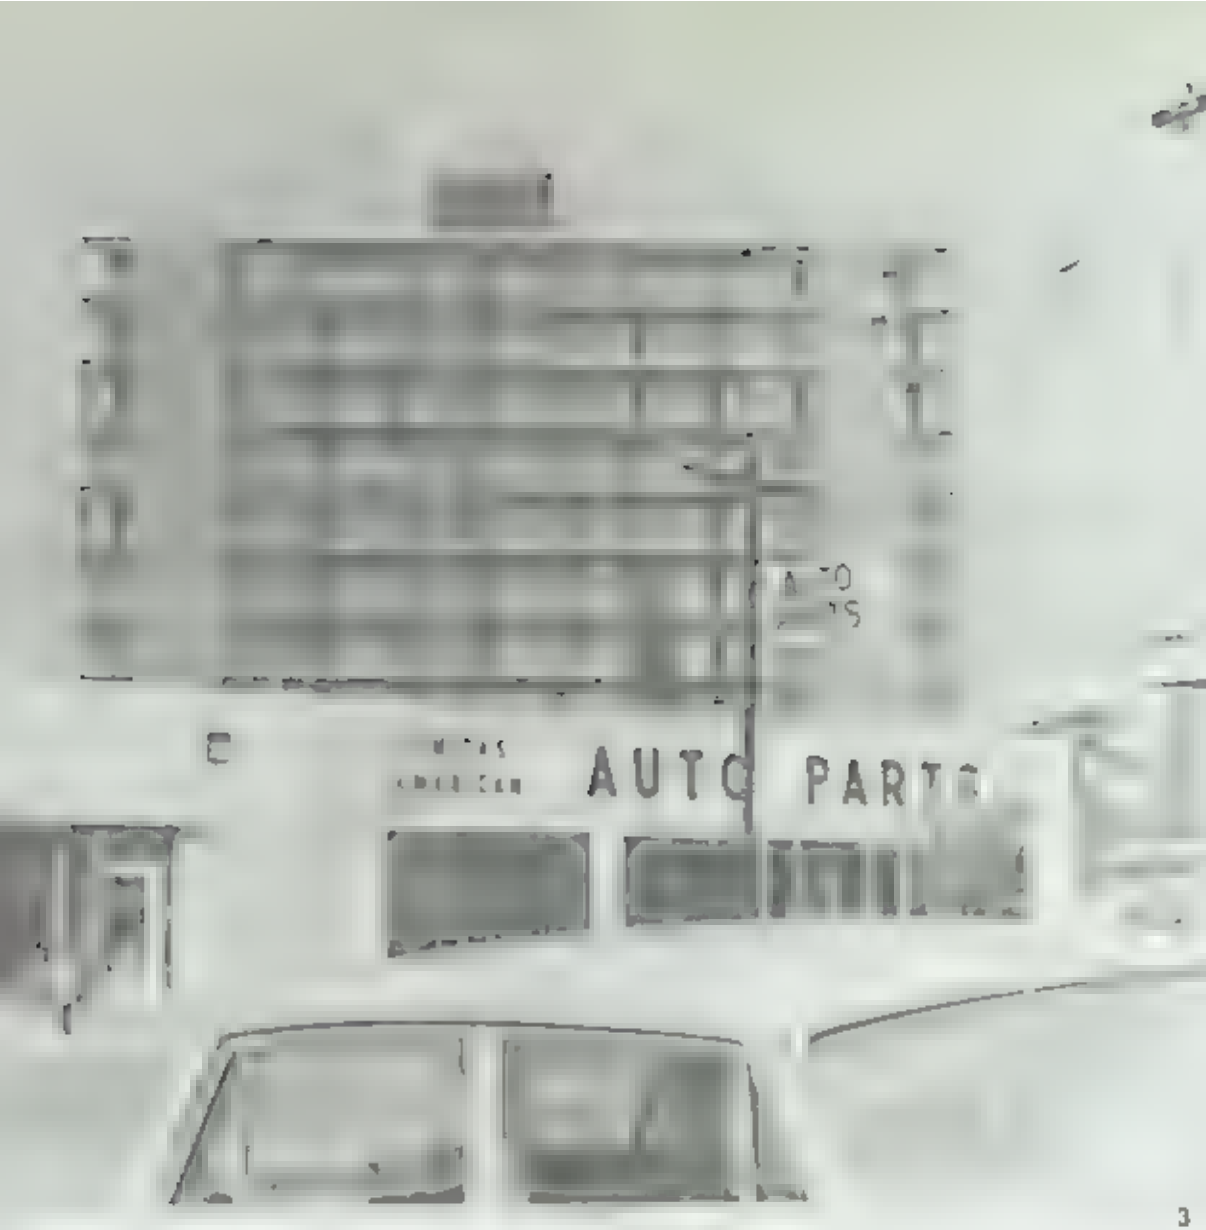

In late October Del Claussion, Jim Griffin and Norwalk Mayor Bob White the three candidates for the newly gerrymandered U.S. congressional district came to Norwalk High to the students. Claussion, the incumbent, was the victor.

Locally the economic crisis struck the Japanese Village and Deer Park in Buena Park. The amusement center found competition from others such as Knott's Berry Farm too great. The park also found disposing of healthy and tubercular deer a controversial problem.

In Norwalk the new Christian Towers Senior Citizen Home ushered in an industrialization scare. Proposed plans to turn a large part of residential Norwalk into one industrial complex and shopping center caused citizens to bond together to stop the action.

At Norwalk High security was increased and the campus was closed. Passes were increased and the campus was closed. Passes were issued to students wishing to leave campus at lunch under the condition of parents signature. Two extra security guards were added and the Police regularly visited the campus returning truant students under the Burglary Suppression and Truancy Detail system.

## Annual Staff Strives to Produce Yearbook

The staff of the 1975 El Lancero started work the first day of school crammed into the old Social Science office. Sixteen strong, the annual staff worked around their difficulties striving to produce a quality yearbook.

Finally, in October, work was completed on an all new room, including dark room, adjacent to the old room. All photography was produced by the students except for special work done by J. Edmund Watson Studios, Santa Fe Springs.

Each staff member was required to layout, produce photography and write copy to give an accurate account of our school year. New to the annual were full color division pages.

Five seniors returned after a previous year on the staff. Debbie Martinez and Gary Thompson were editors, Sally Delgado was business manager, Sandy Gardner was Senior editor and Dan Diplock was Photo Coordinator. Joining the staff at semester was Debbie Riepe.

The annual's success was determined by the hard work and long hours of Ms. Sharon Holt, their advisor.

I've been searchin so long

## A Part of Us

To find an answer

Now I know my life has meaning

Searchin' for an answer.

The question. Who am I?

Maybe it's true.

It's only natural.

Good things in life.

Take a long time.

The staff of the 1975 El Lencero would like to give great thanks to the following:

The faculty, staff and administration of Norwalk High all of which put up with us

The families of the staff members who, we are sure, heard a lot of complaining.

J. Edmund Watson Studio of Photography who did all the unreasonable things we asked them to do.

Taylor Publishing Company and Bill. He supported some crazy ideas and wisely discouraged us from the foolish instead of saying, 'NO.'

Our advertisers and patrons who helped us pay for the extras

The Long Beach Independent Press Telegram.

James Pankow for writing "Searchin' So Long."

"Chicago" for recording it and making it a hit

Big Elk music for allowing us to use it

Robert Sanchez for letting Gary borrow his "Chicago VII" album.

And Ms. Holt who threatened to kill herself and several of us many times through the year. Had it not been for the efforts of this amazing woman we would not have succeeded. It was she who pushed us to produce this book and write this tribute.
